### Description

AC surge protector (also known as SPD or lightning protector) A82-00-0109 from Transtector is a module style SPD that utilizes state of the art MOV technology to protect critical equipment that operates on a 750 Vac electrical service. This surge protector provides effective protection against electrical transient surges that are generated both by external lightning events and by internal switching events and supports long-term system reliability by safely shunting high amounts of transient energy while maintaining a very low clamping voltage. Transtector AC surge protectors are available in stock with same day shipping.
