Ethernet Cable Assemblies – Cat 6a and Cat 5e *Complete Ethernet Protection. One Trusted Source.*

PoE surge protection. NEMA-rated PoE equipment enclosures. And now, Transtector reliability includes **Ethernet cable assemblies** to complete the installation.

With Cat 5e and Cat 6a solutions in a broad range of configurations and lengths to fit the specifics of any Ethernet application, Transtector now provides complete solutions for Ethernet surge protection. Indoor, outdoor, PoE, switches, energy, transportation, antennas, premise wiring and more—Transtector Ethernet cables, in lengths from 1-250 feet, are in stock for same-day shipping!

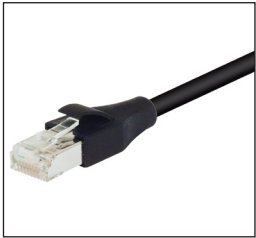

TTE695AHF-TEL-XF — **Category 6a** - Best use/applications: PoE, outdoor/industrial requiring cable flexibility

- Category 6a, 10G rated
- Double-shielded for maximum EMI/RFI protection (SF/UTP)
- Outdoor/industrial jacket is oil, UV, and water resistant
- UL CMX burn rating
- PoE rated up to 210 feet (64m)
- Flex-rated to 1 and 10 million cycles

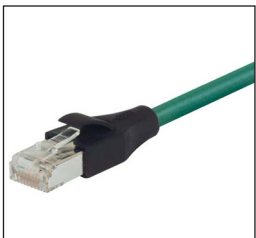

TTE695AODS-BLK-XF — **Category 6a** - Best use/applications: Outdoor stationary cable runs

- Category 6a, 10G rated
- Foil-shielded for EMI/RFI protection (F/UTP)
- Outdoor jacket is UV and water resistant
- Can be buried
- 23AWG solid conductors—excellent for PoE

TTE695ASZ-BLK-XF — **Category 6a** - Best use/applications: Indoor usage, no PVC or halogen requirements, defense-related fields

- Category 6a, 10G rated
- Foil-shielded for EMI/RFI protection (F/UTP)
- IEC-rated low-smoke zero halogen (LSZH or LS0H) jacket
- UL CMX and VW-1 burn rating 26AWG stranded conductors for flexibility

TTE695AZHF-BLK-10F — **Category 6a** - Best use/applications: PoE, any application requiring industrial ratings and flexibility, halogen-free

- Category 6a, 10G rated
- Double-shielded for maximum EMI/RFI protection (SF/UTP)
- Industrial jacket is oil, chemical, and water resistant; halogen-free
- UL CMX & VW-1 burn rating
- PoE rated up to 210 feet (64m)
- Flex-rated to 1 and 10 million cycles

Products In-Stock

TTE824HFO-BLK-XF — **Category 5e** - Best use/applications: Outdoor/industrial, PoE applications requiring flexibility, runs adjacent to power cables

- Category 5e, gigabit rated
- Double-shielded for maximum EMI/RFI protection (SF/UTP)
- Outdoor/Industrial jacket is oil, chemical, water, cut, and weld-spatter resistant
- UL CMX burn rating
- PoE rated up to 262 feet (80m)
- Flex-rated to 1 and 10 million cycles
- 24AWG stranded conductors w/ 600V rating

TTE855ODS-BLK-XF — **Category 5e** - Best use/applications: Outdoor, stationary cable runs; budget-conscious solution

- Category 5e, gigabit rated
- Foil-shielded for EMI/RFI protection (F/UTP)
- Outdoor jacket is UV and water resistant
- UL CMX burn rating
- 24AWG solid conductors are excellent for PoE

Meeting today's PoE requirements for time-sensitive projects can be challenging. Whether you need same-day shipping for an urgent project, detailed product information on-demand, or effective customer and technical support, Transtector is poised to help. E-commerce—Online ordering is easy, with a comprehensive PoE product portfolio, 24/7 online chat, and a commitment to in-stock availability.

Same-Day Shipping—For mission-critical product shipments that require immediate delivery within the shortest available time frame, we offer same-day shipping you can count on.

24/7 Customer Support—Have questions about your order or technical inquiries on a product? Our trained customer service team is online to provide quality customer support day or night.

For additional information, technical specifications or to place an order visit **www.transtector.com** or contact us directly at **+1 208 635 6400**
